

Kronan Classic Women's Bicycle

The Kronan bicycle is a replica of a Swedish military bicycle from the 1940s. We've kept its classical construction and timeless design, and we have improved its individual components and used modern technologies in the gears, hubs and rear light. The result is a stable, durable bicycle for both city and road. The bicycle is available in 1-speed and 3-speed models.

Rear light

Energy-saving, battery operated, automatic. 0.6 watts, stainless cover and cage. Darkness and motion activated.

Handbrake

Drum brake SRAM T3.

Pedal assembly and bearings: Kinex BLP. Right crank with 44-tooth chainwheel.
